Effects

- Activates lipolysis
- Reduces cellulite appearance
- Prevents from adipocytes growth and lipid storage
- Decreases fat cells thickness and volume
- Provides intensive firming effect on skin
- Reduces double chin effect

Active Ingredients

Caffeine + Yerba Mate + Yellow Hornpoppy + Euglena Gracillis Extract

Directions for use

- Mesotherapy
 - electroporation (electrophoresis)
 - ultrasounds (sonophoresis)
 - iontophoresis (+ or -) = no ionisation effect
(serum does not contain ions so iontophoresis will be neutral)
 - derma-roller / dermapen (max 0,25mm)
(if you use needles longer than 0,25mm then apply the serum after around 7-10 minutes from treatment - read micro-needle protocols of use)
- Oxygen therapy
- Chromology™ Photodynamic Therapy (PDT)
- Post abrasion skin care
- Under body wraps (especially in combination with MESO CAPIL serum)
- Anti-cellulite and slimming manual lymphatic draining massages
- Under massage cream in manual massages
- Under neoprene belts and/or thermal blankets
- Vacuum massage by Cellulogy™ and/or CelluDrain™
- Daily skin care

NOTE: using this serum in combination with MESO CAPIL serum and with equipment that generates thermal effects will ensure the greatest results without capillaries breaking. For sensitive skin the broken capillaries are in fact the main side effect of treatments with thermal effects.
